Selling 85 Lots of Fancy  
Show Heifer Prospects,  
Bred Females & Embryos

## DEAR FELLOW CATTLEMEN •

On behalf of Harker Simmentals and the Field of Dreams team, we would like to welcome you to the 2015 Field of Dreams Sale.

It's hard to believe that this will be the 11th year for hosting the Field of Dreams in Hope. A lot has changed in the last decade, but one thing has remained the same – the Field of Dreams consignors have remained committed in bringing their best stock to the Field of Dreams Sale and offering you the opportunity to take one home. We hope that you will come and enjoy Hoosier Hospitality at its finest. Make sure you attend the presale social on Saturday evening and then enjoy more great food and hospitality on sale day.

We have diligently been working on improving our genetic base while striving for continuous improvement to help project both our customers and the breed into a higher standard in the future. This year is like any other – the breeders in this sale feel that they have brought their best and hope your opinion is the same as the consignors.

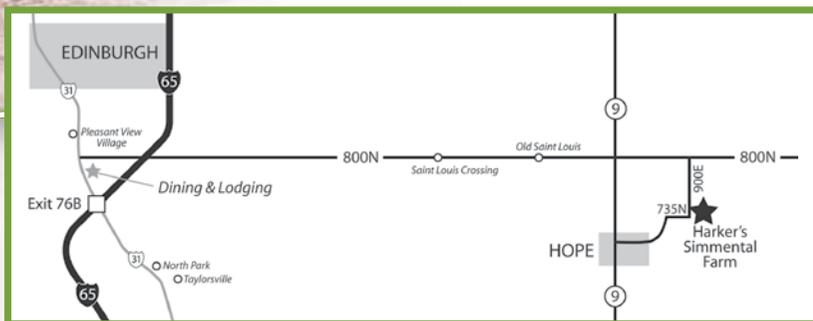

We are located just 1 1/2 hours from Silver Towne Farms. Along with being located eight miles east of the Exit 76 Antique Mall and the Edinburgh Outlet Mall just off of I-65. Please make it a Simmental weekend and join us for a day of good food, good friends and good cattle!

Please feel free to call any of the Field of Dreams team members or our sale management, Eberspacher Enterprises, for more information. See you on September 13th!

### Terms & Conditions

All cattle sell under the Suggested Sale Terms & Conditions of the American Simmental Association with the following exception on females that have been in exhibition. Many times, heifers that are shown can often be fed to an extreme level of obesity and are often not allowed to be bred in ideal situations resulting in an open female at the end of their show career. This situation is out of the hands of the breeder therefore, we will hold the owner/feeder responsible for any reproduction issues and no longer guarantee the heifer as a breeder. If this situation does result, the breeders of the Field of Dreams Sale will still make an attempt to assist the owner in getting this female bred through the following two breeding seasons. Checks payable to Eberspacher Ent. Inc.

### Announcements

Announcements made sale day and from the auction block during the sale take precedence over printed material associated with this sale. Anyone attending this sale attends at their own risk. Breeders or any of the sale force will not be held responsible for any personal injury for attending this sale.

**Hobbs Farms** • It truly has become difficult to come up with new ways to describe the same thing with these 74T daughters. If you've read our footnotes over the year's, words like complete, free moving and picture perfect profile keep being used. Well, Callie has all those qualities and then some! This is a great heifer and I believe once again, come sale day, Callie will have a lot of friends.

**Hobbs Farms** • Bella's Girl should get everyone's attention! She is out of a powerful Knockout daughter and the now deceased Two Step. I think Two Step daughters will be a hot commodity over the next few years and they will be hard to come by. Bella's Girl not only has pedigree but style and balance to go with it. This is one of our favorites.

Chardonnay is one of the flattest shouldered and biggest bellied heifers in the offering. If you want one with excellent hair, a good disposition and extreme soundness, then look no further. Her dam, Rains Callaway's Tiara (aka Sierra), was popular for Luke his first year in 4-H. This is one of the top show prospects that we have to offer.

The ability of the Bramlets Sparkle cow family to consistently produce offspring that are functional and profitable is second to none. We have had much success in using Wide Track on many of our females and this mating doesn't disappoint. This female is long spined and exceptional in their footwork. The easy keeping type as this cow family is known to produce. Her dam, Glimmer X368, made quite a splash last spring with her first set of E.T. calves averaging just over \$19,000 on 6 head. There is versatility in the pedigree and predictability in the cow family, two things that will make you money. Buy with confidence here!

**Harker Simmentals** • In the 2014 Field of Dreams Sale, we sold an excellent set of Combustible x T107 females. One of those went on to be many time champion for the Reiboldt family and Seth Johnson. The offering in 2015 is no different. These two females are destined to follow in their sister's footsteps. Promise Forever is a baldy that everyone will truly love. Her sweeping rib cage and extreme soundness will impress the harshest critic. Promises of Hope is a little greener than her baldy sister but she is very complete and in time, will make a nice bred female. Her recip was 15 years old, so don't hold it against Promises of Hope. Full sisters to 3rd Overall Breeding Heifer and Champion Simmental at 2015 Indiana State Fair.

**Prairie Cattle Company** • This United x High Regard mating is very unique. United cattle are working in the show ring as well as in the commercial world. We could write a book on what High Regard has done plus this lovely lady traces all the way back to 1407. Her grandam was shown very successfully in the Angus world. At 13 years old, she is still milking like a Holstein and we have kept all of her daughters. That is what cow families are all about. This United heifer has the show look and the predictability of being a good generator.

**Beshears Simmentals** • Wow! What a job the Miss Wisconsin cow has done for us with her first set of embryo calves here. As you can tell from the photos, she stamps her progeny with a lot of belly and smooth front ends. We dug very deep in the this year's heifer crop to bring our finest to the Field Of Dreams. And this set of heifers out of the ol' Triple C sale topper are no exception. C050 really is a joy to work with every day as she is so docile. She is stout from behind, moves out very elegantly, and is smooth fronted with a ton of rib shape and belly. C410 is also very deep middle, structurally correct, and zipper fronted. C210 is a little greener made but still very correct and has a lot to offer with a little bit of time. Whether its a show heifer your looking for, a donor prospect, or just like to look at flat good cattle then you won't go wrong with these three females.

 I love this one. If you don't like her, you should have your head checked. All jokes aside, if we had someone to show, she would be headed to our show barn and then to the donor pen. This heifer's disposition is about as good as

it gets. As one visitor said, "she is going to make someone a lot of money." C12 is great fronted and sow bellied. Get behind her and look how big her top is and then check out that big hip! She is great haired and sets herself like a dream. Her mother was purchased from Jock and Brenda Beeson and this is her second heifer calf and we couldn't be more thrilled with the job she is doing. If C12 isn't on your short list, then you should look twice. Purple is in this one's future. **Seller would like to retain one flush at buyer's convenience.**

 Cashmere has been a standout from day one. Her 004 dam produces a good one every year and this year was no exception. This big bellied, smooth shouldered female has the eye appeal needed to excel in the show ring. She has been the favorite of many visitors this summer. Everyone needs a little Cashmere!

**Tingle Farms** • We are very excited to offer some of our first Bullseye calves. We were blessed with the opportunity to be a part of a bull that we feel can do some very positive things, C831 & C845 are two of those things. There is cow power on both sides of their pedigree and a lot of quality in the flesh. C831 is the older of the pair. She is a smooth sided, big bodied sort of female that has the look to be ultra competitive in the show ring. C845 gives up some age but doesn't give up anything from a quality standpoint. If only we were able to put this up headed, long front end in to every calf we had! She moves with extreme ease and has a show ring presence about her that is exceptional. Two foundation type females that are packed with future.

prove that she is no fluke, she has a full sib that went to the Stehr family in Oklahoma that was Reserve Calf Champion in Louisville last year as a May calf and a class winner at OYE. B781 also has a flush mate brother whom we have used heavily in our own herd, TNGL Track On; that is owned by Western Cattle Source, NE. # ELITE FALL CALVING FEMALES

We have decided not to calve any cows in the fall calving season. Therefore, we are offering in its entirety, the fall calving herd consisting of 12 cows. There are three older females and the rest are all 2 and 3 year olds. The younger cows have a bright future in front of them. These cows will produce a calf within a couple weeks of sale day. Take these cows home, calve them out and start making money. There are few items that are a sure thing – buying these cows will be a money making proposition.
