WERNING CATTLE COMPANY
39th Annual Production Sale

Tuesday, February 11, 2020 • 12:00 PM • Werning Sale Facility
27262 424th Avenue • Emery, South Dakota
Welcome to Werning Cattle Company’s 39th Annual Production Sale. We welcome you to appraise this offering, whether it be via this catalog, online videos or by stopping by the ranch any time before sale day or on sale day to view them.

This year gave us more weather challenges than I have ever experienced. The change of having way too much moisture for such a long period of time was new to us. We were able to get about half of our row crops planted. Our county had 226,000 prevent plant acres - I believe that was the highest total in the nation. We did plant cover crops on our prevent plant acres which we grazed, baled, or chopped. Our cattle were able to adapt to the changes and all the stress.

We are so proud of the mother cows that walk our pastures and the great job that they do for us each year. They continue to overachieve and bless us with this attractive offering that set the performance standard for the Simmental breed. We utilize an extensive embryo transfer program that enables us to multiply the progeny of our leading lady donor cows. The opportunity to select from proven superior genetic full brothers and sisters will be yours February 11th at the W/C.

As I walk through our pens of sale cattle, I see potential herd sires with powerful performance numbers that are long, deep, thick, and stout rumped. More breed leaders will again emerge from this group as they have in the past. I see a remarkable group of bred heifers that are moderate, massive, capacious ladies with power and presence. Many of these heifers will be of donor quality from our top cow families. We have been breeding Simmental and Angus cattle since 1971, always with the goal of producing a better momma cow. That said, the bred heifers have a lot of proven genetics behind them.

We are again humbled by the influence that the W/C cattle have had in the beef industry. There are currently eight W/C bulls ranked in the top 50 ASA Sires for registrations, five of which are in the top 15 and three in the top 7! All of these sold through this very sale. In the past five years, about 15% of the bred heifers we have sold went on to be donor cows for their new owners. We truly believe you will not find more high-end females for sale in one place on one day. The results the new owners of these cattle have been able to accomplish is what keeps this program going. The fact that many of the cattle we sell will actually increase in value for their new owners really drives our passion. A W/C bull will immediately brand your feeder cattle and give you reputation in the marketplace.

Our family would like to thank our friends and neighbors who assist in so many ways during the sale and at sale time. The sale will be broadcast by DV Auction so be sure to get registered before the sale so you can watch it online if you are unable to attend. Note that the yearling bull videos were taken in mid-December in order for us to get everything accomplished and protect us if we happen to get a stretch of bad weather. Keep in mind, they are considerably heavier and more mature than when the videos were taken.

Our sale facility has been a tremendous addition to our operation and we invite you to gather with us for a great beef dinner before the sale in the warmth of our building. We thank you for your confidence, support and interest in W/C genetics. We invite any and all questions.

THE WERNING’S
Dale, Joan, Jared Scott, Ashley, Creighton and Thatcher Jill, William, Kinley and Khloe

This sale will be broadcast live on the internet! DVAuction
On Order Purchase Policy

If you are interested in some of the cattle selling and are unable to attend the sale, we can purchase the cattle for you on order. We guarantee your satisfaction, or you don’t own them. Please call early so we have time to visit about the offering.

Guarantee

The bulls are semen tested and guaranteed to be breeders. Any problem you have with our bulls is our problem. We will do our best to correct any problems that may occur. If a problem does occur we offer a suitable replacement if we have one available or credit towards a future purchase.

The bred heifers are pregnancy checked and guaranteed to calve within the time period printed.

Feeding Arrangements & Delivery

YEARLING BULLS: Kept free of charge until April 15th. We will keep the bulls at our place until April 15th at which time we will semen test, give all prebreeding shots, pour, worm, and freeze brand. We will then deliver them to you as soon as we are able. We offer free delivery to South Dakota and surrounding states. We will help with travel coordination on cattle sold beyond these boundaries. The cattle going long distances may be delivered earlier. Werning Cattle Company will take responsibility of injury or death loss while the bull is in our care.

OLDER BULLS & BRED HEIFERS: We would appreciate that all coming two year old bulls and bred heifers go home sale day or delivery arrangements made very shortly after the sale.

Volume Discounts

Purchased by one firm, discount starts with your 3rd bull as follows:
3 bulls = 3% discount; 4 bulls = 4% discount; 5 bulls = 5% discount; etc. 10 or more bulls = 10% discount. No discount on bred heifers.

Volume Discounts

WERNING CATTLE COMPANY
Welcome to the 2020 Werning Cattle Company 39th Annual Production Sale. Each year as we prepare this sale catalog, the excitement grows with the possibility that waits with the elite offering. Prime example is the excitement that last year’s high selling bull, the $180,000 W/C Fort Knox has created. He was the highlight of the Sim Magic Sale with breeders from across the United States and Canada selecting semen on this unique individual. This year’s offering has several individuals that could very well follow his footsteps.

The Werning family has always focused on customer success by producing cattle that are functional, profitable and predictable with the added bonus of exceptional EPD profiles. This point is exemplified when buyers on sale day are literally walking in circles viewing the cattle because the offering is so consistent and this offering comes in VOLUMES!

It is always a pleasure to work with the entire Werning family and exciting to see the future unfolding each year as the offering just keeps raising the bar. We invite you to join us for this sale which will be once again a video sale in the warm W/C sale facility. The cattle will be available sale day and prior to the sale for your viewing. DV Auction will be with us sale day for your buying needs if your schedule does not allow you to join us sale day and videos are available. The W/C crew’s hospitality always offers a delicious lunch and post-sale meal so come early and stay late.

We have a talented marketing team assembled for your questions and buying assistance. Please feel free to call the Werning family, our EE crew or our marketing reps. We are all happy to help in any way.

Sincerely,

Eberspacher Enterprises Inc.
Val & Lori Eberspacher

From Sale Management:

Herd Health

May 10, 2019 – Calf work
- Vision 7 – 7-way Blackleg
- Vista 5 – 5-way Modified Live
- Solidose - Autogenous Mycoplasma, Pasteurella, Histophilus, Mannheimia, Pinkeye, Clost. A, C, & E
- Dectomax Inject Dewormer
- Clean Up – Fly and Lice pour-on

August 2, 2019 – Calf work boosters
- Ultrabac 7 – 7-way Blackleg booster
- Vista 5 – 5-way Mod. Live booster
- Autogenous Pinkeye and ACE booster
- Solidose - Autogenous Mycoplasma, Pasteurella, Histophilus, Mannheimia booster
- Agri-mectin Injectable Dewormer
- Clean Up – Fly and Lice pour-on

October 15, 2019 – Yearling Bullwork
- Express 5 FP VL5 – Mod. Live 5-way w/ Vibrio and Lepto Protection
- Synanthic - Oral Drench Dewormer
- Clean Up – Fly and Lice Pour-on
- BVD-PI Negative

January 2, 2020 – Two Year old Bulls Semen check
- Express 5 FP VL5 – Mod. Live 5-way w/Vibrio and Lepto Protection
- Anthrax
- Fusogard – Footrot
- Safe Guard Dewormer
- Clean Up Pour On
- Trich and BVD Negative

January 2, 2020 – Heifers (reconfirmed pregnant)
- Autogenous Scour Vaccine w/ Clost. ACE
- Virashield 6 VL5
- Clean Up Pour On
- Safe Guard Dewormer

TBA April 2019 – Yearlings
- Anthrax
- Fusogard
- Autogenous Pinkeye
- Synanthic – Oral Drench Dewormer

Thank you Werning family for proudly supporting ASF!
THANK YOU TO ALL OUR BIDDERS & BUYERS!

THANK YOU to Dylan Mogck for his help throughout the year!

---

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the “register” tab.
2. Apply for bidding approval by clicking on the “details” tab at least 24 hours prior to the sale. You will be notified once you have been approved.
3. Tune in for the sale & make your purchases!

After the sale, contact the sale manager or owner to arrange transportation and payment. High-speed internet is required for successful bidding. Be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding: If you can’t make time to watch the sale, register a proxy bid and let our system represent your bid while you’re away. Look for the “proxy bid” tab on the auction listing, and fill in your maximum bid. We’ll handle the rest!

Having Troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at 402-474-5557.

THANK YOU TO ALL OUR BIDDERS & BUYERS!
Lot 1

W/C CEO 664G

ASA#3646136 • Homo Black Homo Polled 3/4 SM 1/4 AN • DOB: 2/18/19 • Tattoo: 664G

W/C Executive Order 8543B
CDI CEO 281D
Hook's Beyonce 82B
W/C Load Limit 221B
W/C Miss Werning 664D
Miss Werning 365A

A double stacked pedigree for growth being out of a good young W/C Load Limit daughter. Load Limit himself recorded one of the heaviest weaning weights ever here at W/C. A great combination of pedigree, visual quality, and EPD profile backed by strong actual data.

Lot 2

W/C CEO 459G

ASA#364913 • Homot Black Homo Polled 3/4 SM 1/4 AN • DOB: 2/28/19 • Tattoo: 459G

W/C Executive Order 8543B
CDI CEO 281D
Hook's Beyonce 82B
Remington Lock N Load 54U
W/C Miss Werning 459B
D W Miss Forever 355N

This CEO son comes from one of Dad’s favorite cow families, a Lock N Load dam. Its no secret what Lock N Load has done for our program and the impact he has had on the breed. This bull has some great cows behind him and a stellar EPD profile.

Top 1% for WW, YW, ADG, CW & REA! Top 2% for CW & TI!

CEO continues to impress us with his ability to produce cattle that excel in the breed for weaning and yearling weight while still maintaining a sound, athletic structure. The W/C Executive Order cattle have and continue to make a big impact in this great breed and we were excited to add this homozygous black purebred son of him to our sire arsenal. You will find this large sire group to be extremely long sided, athletic and have excellent dispositions. CEO’s EPDs have proven him to be a potent growth sire ranking in the Top 1% for many of the traits valuable for putting more dollars in your pocket on sale day!
Lot 3 | W/C CEO 5344G

Asa3644915
Homo Black Homo Polled Purebred
DOB: 2/28/19 • Tattoo: 5344G

W/C Executive Order 8543B
CDI CEO 281D
Hook’s Beyonce 82B
WCS Mr. Husker 3076A
W/C Miss Werning 5344C
Miss Werning 534R

A really thick, muscular bull who blends the 534 cow on both sides of his pedigree. The heaviest weaning weight bulls ever recorded here was an Executive Order son out of a full sister to the dam of this bull, making this guy a ¾ brother to that bull. Power in the blood!

Lot 4 | W/C CEO 3175G

Asa364493
Homo Black Homo Polled Purebred
DOB: 3/26/19 • Tattoo: 3175G

W/C Executive Order 8543B
CDI CEO 281D
Hook’s Beyonce 82B
Yardley Utah Y361
W/C Miss Werning A3175
Miss Werning 534R

Another stout rascal with the 534 cow on both sides of his pedigree. A maternal sister to this bull was just moved into our embryo transplant program. One of the high ADG bulls as well. His dam and the A343 donor are full sisters making him a genetic full brother to Lots 13 – 16.

Lot 5 | W/C CEO 1516

Asa3644916
Homo Black Homo Polled
3/4 SM 1/4 AN
DOB: 2/28/19 • Tattoo: 151G

W/C Executive Order 8543B
CDI CEO 281D
Hook’s Beyonce 82B
RC Club King 040R
Miss Werning 151Y
Miss Werning 651S

This bull has a strong combination of elite, balanced EPDs and actual weights. He comes from a cow family with great longevity. His grandam is a 2006 model and still in the herd.

LOT 6: OUT OF SALE
What a trio of full brothers to lead a strong offering of embryo transplant bulls represented in this sale. The 174Y donor cow has 14 sons that will sell on February 11th. You will be seeing a lot of her in throughout the catalog. 174Y has been a staple in our donor battery for many years and is responsible for multiple high selling females and bulls over the years. Her daughters are now starting to make a huge impact here and for other breeders. She really excels for udder quality, soundness and length of body while stamping her progeny with a sharp look not commonly found in purebred Simmental cattle. This trio has a balanced set of data and ranks high for REA and yield grade. We think you will like these three purebred baldies and check out more 174Y sons by Cornerstone, Turnpike, and Relentless in the coming pages. Note these bulls are genetic full brothers to Lots 11 and 12.

Lot 7
W/C CEO 49G
ASA#3644896 • Homo Black Baldy Homo Polled Purebred • DOB: 2/19/19 • Tattoo: 49G
Pedigree for Lots 7-9:

ASA#(3645016) • Homo Black Homo Polled Purebred • DOB: 2/22/19 • Tattoo: 025G

A direct son on of one the most decorated females of recent history. “Vicky” had a decorated show career including Champion Female at the 2018 Breeders Sweepstakes and most recently Champion Cow Calf Pair at the 2019 North American. She was the $25,000 open heifer selection by Hicks Cattle Co in the historic Hudson Pines dispersal. This bull got the goods from both his awesome parents. A tremendous purebred bull for your appraisal.
Pedigree for Lots 11-12:

W/C Executive Order 8543B
CDI CEO 281D
Hook's Beyonce 82B
WAGR Dream Catcher 03R
Miss Werning KP 8543U
Miss Werning 534R

As if the 8543U donor had anything left to prove she goes and hits it out of the park mated to CEO! A great chance to own maternal brothers to all the breed greats Executive Order, Relentless, Bankroll and Night Watch. Executive Order and Relentless are currently #4 and #6 in registrations with Bankroll closing in. In typical 8543 fashion, these two purebreds are stout, deep and have tremendous foot and leg quality. The impact these young studs may have for their new owners could be substantial and we are excited about their full sister being shown by Sara Sullivan this year. They certainly have the potential to follow in their brother's footsteps for semen sales and registrations. We can't wait to see who their new owners are on February 11th.

Four full brothers from the A343 donor who has had nearly 20 sons sell through this sale over the past two years. These bulls are also ¾ brothers to Lots 4, 6, 7, 8, 9, 11 and 12 as they all share the 534 donor as their grandam. These four are very uniform as you would expect and offer a great opportunity to turn out full or ¾ brothers to make a very consistent highly marketable calf crop.

**Check out this beast and his EPD profile. This bull ranks 10/106 for weaning weight in the non-ET bulls and is the natural calf of the 1B donor cow. 1B is one of the most massive cows you will ever find and served as a top donor for CDI before we purchased her. A red full brother to this bull sells as Lot 101 in the red division. A great genetic package here that checks all the boxes for making better beef cattle.**

**A real attractive Commissioner son who has a beautiful High Regard mother. Commissioner was our pick of all the bulls in Denver as a yearling and was a member of the Reserve Champion Pen Of Three for Rust Mountain View Ranch. This bull covers all the bases for data as he combines growth with double digit calving ease and strong maternal.**
Lot 20 W/C Turnpike 6726

POWERFUL, RUGGED, ATHLETIC SONS OF RubysTurnpike

Top 1% for WW, YW, ADG & CW! Top 2% for REA & TI!

Welcome to the incredible first crop of Ruby's Turnpike bulls. It's a rarity to find cattle with this much raw power and muscle that can still excel for soundness and foot quality. His growth EPDs are a great indicator of the length and performance this bull throws. It took $71,000 for ½ interest to get him to Emery and needless to say we are darn glad we have him running our pastures. We were tipped off by Colonel Shipman about this bull as a young calf and in Denver 2018 our phones kept blowing up about a bull everyone was raving about and it was that same bull. Turnpike offers a different pedigree to our loyal customers and he has earned a spot in our herd sire battery for years to come. A real beef bull who stamps his sons with that same herd bull look.

A pasture favorite all summer, this bull will absolutely be used back in the program. A wide bodied, bold made beef bull with a flawless design. He puts the cherry on top with his strong EPD profile and we love his combination of high growth and a 16 calving ease score. This is the kind of elite phenotype and EPDs we are striving for. We can’t wait to try and use this bull to make more like him. If you had a set of females that looked like this you would be in the drivers seat. If you’re serious about making beef cattle better you will want to try and own this bull.

**Genetic Profile:** This massive, bold bodied, performance standout will put extra pounds on the scale and more dollars in your pocket on sale day. His dam is accustomed to making sale highlights and records 6 calves at a 111 weaning ratio and 4/114 for yearling weight. He was the #3 weaning weight and #2 yearling weight bull in the natural calves. We expected nothing less when we mated his good dam to Turnpike and she didn’t disappoint. A real changer for any progressive cattle operation.

**Genetic Profile:** Turnpike x W/C United’s mom!! We could stop right there! If you follow our program or the SimAngus™ business you are no stranger to the impact United has had and his popularity. Visitors love viewing the 956 cow in our pastures and this is her natural calf she raised. As you would expect from this power packed pedigree he was the #5 bull for weaning weight out of 106 natural born bull calves. A real genetic giant that combines the good new stuff with the good proven stuff.

**Genetic Profile:** Another big time growth bull who ranks 11/106 for weaning weight. His dam has produced numerous sons that always sell at the front end and records 8 calves at a 105 weaning ratio. A maternal sister to this bull is one of the favorite bred heifers in the offering. The 9002 cow is one you want a few hundred of and she will probably go into embryo transfer before she leaves this place to try and get more like her.

**Perhaps as unique and interesting of a purebred Simmental bull to sell anywhere this season.**  
29G has all the main characteristics of what has made Simmental the Continental breed of choice in America yet has all the extras to set him apart from the population. A striking blend of special championship build and stoutness yet is smooth as silk with strong EPDs. You will love the extra high quality hair coat the Turnpike sire group has and this bull really excels in that area. A big league AI stud prospect who certainly could add substantial value being mated to many of the mainstream pedigrees within the breed. Bankroll, Relentless and Executive Order have absolutely dominated the Simmental show ring this last year and we feel this bull has the potential to follow their lead. 29G certainly had all the indicators to make the next generation of elite females and stout male progeny that sell for a tremendous premium and promote breed popularity. This bull has done his part, now we just need to find out who our partners will be on February 11, 2020.

**Miss Werning 534R Dam**  
ASA#3644906 • Homo Black Homo Polled Purebred

**A special pair of purebred brothers from a special cow.**  
Almost half of this sale offering has her influence and many have her blended on both sides of their pedigree. 534 is fourteen years old, still going strong and has raised 11 natural calves for a weaning weight ratio of 109. These two bulls are built for the long haul and Turnpike was a perfect blend for 534. You will find these two to be as stout as any purebred bulls in the country but what sets them apart is their attractive build and structural correctness. These and most of our bulls are built to work in a variety of scenarios whether you want to make market topping steers, elegant replacements or the next generation of bull prospects.

Don’t let this soggy Turnpike son get lost in the shuffle, he had to get put on this page to make the catalog layout work best. Check out the growth EPDs on this guy Top 2% WW and Top 1% YW with awesome carcass and maternal indicators. A great choice to make high end feeding cattle that will take less days on feed to get where you want them.

Powerful & Uniform Sons of Hooks Cornerstone  
Top 1% for WW, YW, ADG, CW & TI

Offering 8 consistent embryo transplant brothers of the extreme high growth sire Cornerstone by 534R and 174Y. Cornerstone sired our lead sire group in the 2018 sale with 28 sons selling to top commercial outfits across the Midwest. Cornerstone boasts a stellar set of highly proven EPDs ranking in the top 1% of the breed for five important traits. These bulls really excel for length of body, REA, athleticism and calm dispositions. If you want to keep replacements, you will enjoy the udder and teat quality of this cow family. Another great group to consider if you want to turn out a set of full brothers.

LOT 40: OUT OF SALE
Add Power & Function with a Son or Grandson of Remington Lock N Load

An impressive combination of low birth weight, high growth and high ribeye area!

We have been absolutely blessed to own this amazing breeding bull! The impact he and his sons have had on our program and the entire Simmental breed has been incredible. Few bulls can match his ability to sire low birth weight cattle with explosive growth and muscle shape in a functional package for the commercial cowman to utilize. His daughters are making excellent cows as you can see throughout this catalog. Feeders and ranchers alike have come to demand and trust the predictable Lock N Load line of genetics. He continues to impress us with each calf crop and his sons W/C Bullseye, W/C Lock Down, and W/C Loaded Up are making a significant impact to our program.

This bull is a 2006 model Angus cow and this is just her second Simmental sired calf. Last year her Bankroll son (W/C Bank Note) sold for $16,000 to Zach Teter and Isiah Smith from West Virginia. This bull is highly related and cut from the same cloth. You will appreciate his solid growth combination of EPDs and actual data. The kind that ranchers can count on for making bigger feeder steers and long lasting replacements.

A royal SimAngus™ pedigree here with the numbers to back it up. This bull really caught our eye during pictures and videos. He's a good looking, heavy muscled stud that supports a very useful set of data with no holes. Rarely will you find this much calving ease with this much muscle and growth. This cow would score a 10/10 on udder quality.
Lot 43  W/C Lock N Load 114G
ASA#364490S • Homo Black Homo Polled 1/2 SM 1/2 AN • DOB: 2/25/19 • Tattoo: 114G

Remington On Target 2S
Remington Lock N Load 34U
Bar15 Miss Knight 78E-51G
Woodhill Mainline
DW Miss Forever 114Y
D W Miss Forever 914W

Another highly predictable SimAngus™ pedigree here. We really liked a lot of things about the Mainline Angus sired cattle years ago. With the exception of Lot 44 and 45, Lots 41 through 50 are all backed by highly proven, predictable registered Angus cows with near perfect udders. The Lock N Load SimAngus™ cattle have been a big part of our success here and we will continue to offer them because they do so many things right.

Lot 44  W/C Lock N Load 396G
ASA#364493S • Homo Black Baldy Dbl Polled 3/4 SM 1/4 AN • DOB: 4/16/19 • Tattoo: 396G

Remington On Target 2S
Remington Lock N Load 34U
Yardley Boxcar Y417
Miss Werning 396A
Miss Werning 961W

This baldy bull is young now but he won’t be for long. It takes a pretty good April calf to blend in with the older bulls and make a February sale. We think this bull is outstanding and his new owner will be very happy when he gets delivered this spring. Long, stout Lock N Load!

Lot 45  W/C Lock N Load 298G
ASA#364487S • Homo Black Dbl Polled 3/4 SM 1/4 AN • DOB: 2/16/19 • Tattoo: 298G

Remington On Target 2S
Remington Lock N Load 34U
Yardley Boxcar Catcher 03R
Miss Werning 298Z
D W Miss Forever 798T

This bull has the patented Lock N Load muscle shape they are known for. His attractive Dream Catcher sired dam also has a superb udder. He would certainly fit the bill for those needing more muscle without sacrificing maternal traits.

Lot 46  W/C Lock N Load 5417G
ASA#364497S • Homo Black Baldy Dbl Polled 1/2 SM 1/2 AN • DOB: 4/20/19 • Tattoo: 5417G

Remington On Target 2S
Remington Lock N Load 34U
Buford Blackjack A414
Bushs Black Fortune 5417
Bushs Absolute Fortune 8456

A striking baldy bull that should develop into a front pasture herd bull. We love his extra extension, eye appeal and muscle shape. Similar to Lot 44, it takes a very good April bull to blend in with contemporaries 60 days older but that’s why he’s in the sale.

This bull is out of the 036 Donor cow who earned her way to the donor pen last year after cranking out multiple standout natural progeny. A full brother to this bull sold for $23,000 in the 2015 sale and we are expecting over 15 full sibs in 2020. Two daughters of 036 are also in embryo production as it is a cow family we simply can’t get enough of.

We love this baldy stud and pictured him early for many print ads. His dam also served as a donor for Thomas Angus Ranch in Oregon before we selected her and have been mating her to our Simmental bulls. She is very extreme for marbling and mates well with some of our high ribeye sires. This bull has great spread from birth to yearling weight and a high ADG. His birth weight certainly could entertain using him on heifers yet he has the right actual data to add to your bottom line.

A trio of big, stout, strapping Bullseye sons. W/C Bullseye was the $80,000 for ½ Interest top selling bull of the 2014 Sale and now owned with Hicks Cattle Co. All four of these sons are some of the biggest topped and thickest quartered bulls in the sale. They are backed by nice balanced EPDs and will sire gorgeous females just like their sire does. These guys will answer the call for making those heavy, market topping feeder cattle or problem free replacement females.

The Explosive Sons of **W/C Bankroll**

**Our 2017 Top Seller!**

One of the hottest sires in the country for all the right reasons. A top semen seller and our record selling bull ever here at $205,000 ½ interest to Double Bar D Farms in Canada. His calves are creating quite a stir and word has traveled fast about the consistent quality he transmits into his calves. In his first calf crop he sired the Champion Female at Jr Nationals, Breeders Sweepstakes, NAILE Junior, and Iowa State Fair shown by the Sullivan Family in Iowa. His ability to sire stout hipped, big topped cattle with real world performance in an athletic package has allowed him his popularity. His highly sought after daughters have topped almost every sale they are in across the country with sale reports of $164K, $92K, $60K and $58K. His growth EPDs continue to trend upward however he sires just as much or more growth then the sires we use that are in the top 1% of the breed. Check out the bred heifers in this sale sired by Bankroll, they are fabulous! We expect the Bankroll sons and daughters selling to make a big impact for their new owners just like their sire has for his owners.

A well balanced EPD profile coupled with a long, stout herd bull look! Nearly over 800 at weaning, we can’t get enough of these Bankroll cattle.

A typical bold made Bankroll son out of a first calf Insight daughter. This pedigree literally combines the best of both breeds as Insight has had his fair share of success in the Angus breed. One of the high ADG bulls that is big ribbed, thick made and attractive with nice data!

- Miss Werning 140Y

These three brothers will blow you away sale day when you walk in the pen! They are so long, massive and big topped that you have to see to believe. To top it off they are as sound and athletic as bulls that have half their mass. All three ranked high for ADG and their momma is an absolute tank as well. These guys will have plenty of friends on sale day we expect.

An eye catching baldy from the 825 Angus donor cow. One of the high ADG bulls in the sale with high calving ease and low birth weight EPDs.

Miss Werning 39A, Dam

Plattemere Queenie 825, Dam

Miss Werning 39A, Dam
Lots 61 – 64 are all SimAngus™ sons of Bankroll out of pedigreed nonregistered Angus cows raised in partnership with our friend and customer Travis Hofer. We were planning on selling these bulls private treaty later this spring but they simply were too good not to be put on this sale. These peas in a pod are stout, sound, good haired and have extremely calm dispositions.
A Great Combination of SAV Raindance x A343
Flush Brothers

Lot 65  W/C Raindance 162G
ASA#3644862 • Homo Black Homo Polled 1/2 SM 1/2 AN • DOB: 2/13/19 • Tattoo: 162G

Pedigree for Lots 65-68:

S A V Blackcap May 4136
Yardey Utah Y361
W/C Miss Werning A343
Miss Werning 534R

We feel we have blended some of the best of both breed gene pools into one exciting genetic package. We have been excited about these next 11 bulls all summer and are excited to finally present them for your appraisal. SAV Raindance 6848 was the $450,000 highlight of the 2017 SAV sale where he was a stand out for WW, YW and REA. What is probably more exciting is that you get to own a genetic package with arguably the two most influential cows in their respective breeds on each side SAV Blackcap May 4136 and Miss Werning 534R. These four are out of A343 who is a direct daughter of 534R and has many sons in this sale. These will be some of the very few SimAngus™ sons of Raindance to sell in the country!

The genetics stacked into Lots 65 – 75 is unprecedented in a SimAngus™ package. SAV Blackcap May 4136 is the most treasured cow in the SAV program with almost $10 million in progeny sales and 534R has over 169 calves recorded with a nursing ratio of 109 on ten natural calves. 534R has four grandsons in the top 30 bulls for registrations. These bulls have been standouts all summer and as you would expect, they are meaty, bold sprung, just flat out thick. On February 11th you will have the opportunity to add these historic pedigrees to your herd.

Lot 76  W/C Right Now 65G

What a find and blessing this bull has been for us! We knew we would own this bull within the first few seconds we saw him. A rare combination of low birth, high growth, REA and satisfying phenotype. He reminds us much of the genetic power our W/C Lock Down bull in a black purebred package. All of these sons were born unassisted from first calf heifers. They came small and didn’t waste any time finding the udder. After watching this set of sons grow and muscle up, it has solidified Right Now as a true curve bender and genetic gem. A brilliant set of EPDs compliments and backs up what we witnessed in the real world. We have been flushing many of the donors to Right Now and he has earned a top spot in our breeding program from here on out. The bred heifers carrying his service will be a special sale treat. Just because his sons have nice calving ease numbers, don’t think they aren’t “cow bulls” they have the muscle, data and EPDs to add payweight – in fact, Lot 76 is the top weaning weight bull in the sale.

Elite Curve Bending Genetics with Right Now

An elite blend of calving ease, growth and ideal structure!

W/C Miss Werning 65D
Miss Werning 534R

If you want to make your cattle heavier, you have a few choices. You can make them thicker, bigger or longer. When you do all three of those things you get animals like Lot 76! He is the top weaning and yearling weight bull born here in 2019 from a first calf 534R daughter. Results like this is what got 534R to the donor pen and we are seeing those same results in her potent daughters and granddaughters. A real difference maker here and we can’t wait to use him ourselves!

Miss Werning 534R, Grandam

R B Tour Of Duty 177
W/C Miss Werning 7025E
Miss Werning 534R
A genetic full brother to Lot 76 and same genetic potency. He also ranked high for weaning and is the #3 YW bull. If 76 is too much for you and you want a more polished version, this bull is flat out intriguing. His phenotype is absolutely ideal for us and is the kind that can work in any scenario to make cattle that can sell for a premium. You can flip through a lot of catalogs and drive your wheels off to find bulls that look, read and perform like this. We have them for sale in volume on Feb 11th.

**Hook’s Bozeman 8B**

Mr. SR 71 Right Now E1538  
Miss SR C1538  
W/C Bullseye 3046A  
River Hills Forever Lady P66

This baldy bull has got it going on, on paper and in the flesh. Another Right Now son that started small and got with the program. A high weaning weight bull who is also backed by a time tested Angus donor cow, P66 who we didn’t flush till she was over 10 years old. We felt she had proven she was ideal for udder quality, longevity, and soundness. Those are the kind we like to replicate and make more of if we have the chance to.

Moore 342-Forefront 527
Miss Werning 39A
Miss Werning 140Ys

A pair of brother that need wide load signs here! W/C Relentless cattle have absolutely dominating the show ring these past two years and its easy to see why. He’s not afraid to slap his attractive look and high foot quality into his calves and when they have the mass that these two have, it makes it pretty easy to like this sire group. Truly wide, stout beef bulls that will make heavy feeding cattle or high end replacement females.

**Lot 86**

**W/C Relentless 003G**

ASA#(3644994) Homo Black Homo Polled 5/8 3/8 AN

DOB: 1/30/19
Tattoo: 003G

This bull was a standout all summer and he is impressive from every angle with a big league pedigree for phenotype and power. If his little scurs don’t bother you someone is going to get a real great one in this bull. His mother is a past high seller and is a full sister to Roller Girl who won Jr Nationals, KC and Denver. A real beef bull with a royal pedigree!

WAGR Dream Catcher 03R
Miss Werning 534R

The only Relentless son of the 174Y donor who has 15 sons in this sale. You will love this blazed faced bull’s striking profile and added muscle shape. This bull has the muscle to make really nice feeder steers but if you want to get into making some high end females to sell for a premium, this is a great bull to consider.
Two pairs of flush brothers by Relentless and Innovator. An interesting note about these four is that we already have full sisters in production and in embryo transfer to these bulls. A full sister by Relentless was 3rd Overall Purebred Female at Jr Nationals for Sara Sullivan. Like their popular sisters, these bulls have an intriguing look and attractiveness as well as great muscle shape. These four provide a great opportunity to make high end male or female progeny you can sell for a premium.

Miss Werning 956W  

The first son of the $18,000 Samurai. We really like the sire of this calf and should have more by him in next year's sale. This pedigree blends the best performance cattle of both Simmental and Angus gene pools. Combining SAV Resource with W/C United's mother on the bottom side of this pedigree provides some real world power and it shows in this bull's data. This bull ranks 16/106 for weaning weight in the natural calves.

W/C Bankroll 811D
Miss Werning KP 8543U
Hooks/AS Seqouia 35S
KS Miss Sequoia Y770
ASR Ms. Super Baldy U851

A real exciting individual to lead the red bull offering and true standout. We were excited to get the Y770 donor flushed to W/C Bankroll because we knew we could get results like this. For an April bull to grow like this and be the same size as his much older contemporaries we think is an great accomplishment. It's no secret we like reds and red purebred bulls that look like this are a rarity.

Lot 100  W/C Bankroll 7108G

Dunn Acquisition B506
VF Cover Girl 7108-Z2009
LSF Cover Girl LA414 Z2009

As good as these Bankroll cattle have been we are excited to get some red sons of his for the red enthusiasts to utilize. At this point there may not be anything we would change about this bull. We don’t take that statement lightly as we feel we are as hard of critics of our own cattle as anyone. This bull started out unassisted from a first calf PB Red Angus heifer and was a man ever since. He’s wide, big topped, thick butted, with a big scrotal and is athletic. Whether it be bulls or females, this is the kind we want by the pot load.

Lot 101  W/C Executive Order 4616G

JF Milestone 999W
HPF Orange Crush A378
JPF Caliente U335

Cut from the same cloth as 100 and 101. A long, massive individual that will put pounds on the scale. He is an embryo transplant calf and sometimes they can come out bigger than they should be as he was. We have DNA enhanced his EPDs and it actually lowered his BW EPD to a -0.3 which is in the top 10% of the breed. If you trust the science this bull should not throw much birth weight and we offer him with confidence. Other than that he has done everything right he’s long, thick and heavy.
Lot 103  W/C Prime Example 428G

Welcome to the Red Angus Division and man do we have a treat for you. This is a natural calf from a first calf heifer bred similar to the dam of Lot 100. SL Solitaire was one of the most impressive Red Angus bulls I had ever seen and was excited to use him in making some of our inaugural reds. This bull was a monster at weaning but was one of the bulls that got picked on for awhile which hurt his gain and YW but he’s back rolling now. We develop our yearling bulls all in one pen and unfortunately having a few get road and picked on is part of the deal. This guy is attractive, big bodied and sound as a cat!
Lot 107  W/C King Of Cowboys 018G
ASA#(3662596) • Purebred Red Angus • DOB: 3/10/19 • Tattoo: 018G

Pedigree for Lots 107-110:
Pie The Cowboy Kind 343
4MC King Of The Cowboys 706
Beckton Nebula Y593 E4
Pelton Miss 361B
Pelton Miss Betsy 2954Z

Four flush brothers from an extremely consistent flush. Their sire, King Of The Cowboys, created a pretty big stir among the Red Angus circle when he sold and we were fortunate to get some semen to flush 361B this way. We love the consistent type, rib shape and soundness these brothers bring to the table. We would take a whole herd of cows that looked like this. These guys definitely could be used on heifers yet still have the substance to be used on cows as well. We had a plan of developing a small yet potent Red Angus program and I think we are on the right track. We feel these five bulls could be at the front end of many Red Angus sales.

Lots 111-126

Strong Aged Fall Bulls

Our second crop of fall born bulls and we are proud of the uniformity and consistency of this group. These bulls have been developed on nearly a whole forage diet and have received only a small amount of supplemental grain leading up to the sale. For those out there searching for bulls developed for the long haul you will appreciate the shape and condition these bulls are in. We could have made these bulls heavier but didn’t think it was necessary.

Miss Werning KP 8543U

A full brother to yearling bulls Lots 89 and 90. Also a full brother to the 3rd Overall heifer at Jr Nationals this summer for Sara Sullivan. A big topped and ended bull with an awesome look ready to go to work.
Lot 114  W/C Homestead 60F

ASA#3564957
Homo Black Homo Polled
1/4 SM 3/4 AN
DOB: 8/15/18 • Tattoo: 60F

CTS Remedy 1701
Ellingson Homestead 6030
EA Erica 1082
Remington Lock N Load 54U
W/C Miss Werning 60D
ALC Forever Lady 113T

We had great luck with CTS Remedy and decided to sample a son of his also, the $130,000 Ellingson Homestead. A truly massive bull with top tier EPDs. A ¼ blood with added power for those of you looking for a lower percentage of Simmental. We like this guy quite well, a total package.

Lot 115  W/C Rapid Fire 66F

ASA#3564948
Homo Black Homo Polled

R B Tour Of Duty 177
W/C Miss Werning 66D
Miss Werning 534R

A pair of genetic full brothers as their dams are also full sisters to the dam of Lot 76 who is the top weaning weight bull of the sale. These guys are peas in a pod as you would expect and are very similar to Lot 114 as far as phenotype. W/C Rapid Fire was a past sale highlight selling to John Hill in Florida and is now a staple in the Select Sires stud. Nice genetic packages to keep your program moving in the right direction.

Really didn’t need to write four separate footnotes here. Four very similar paternal brothers that if you like one you are probably going to like them all. They are very consistent in terms of muscle, body shape and dimension. Four brothers that do a lot of things right and can sire high end feeding cattle or solid replacements to build around.

A pair of ET CEO full brothers from the 174Y donor cow. Their yearling full brothers sell as Lots 7-9.

Lot 126

W/C CEO 55F

ASA#3564955 • Homo Black Homo Polled Purebred • DOB: 8/28/18 • Tattoo: 55F

Lots 127-139

Strong Aged Older Bulls

We pride ourselves in being one of the few places in America where you can buy twenty-month-old Simmental bulls. These bulls have been developed with the fall bulls since late summer and have been on an extremely high forage ration to ensure years of heavy service for you. We are constantly looking for faults and culling on this group and the ones that made the sale have passed all the tests thus far and have passed a semen test as have the fall bulls.

Lot 127

W/C Bankroll 949F

Miss Werning KP 8543U
PVF Insight 0129
EXAR Rita 5406
EXAR Rita 0510

A full brother to perhaps the most popular heifer in America, the $164,000 RJ PF Rita. She won Jr Nationals, Breeders Sweepsstakes, Kansas City and was Supreme Overall breeds in Louisville. This bull could carry water on his own but his pedigree solidifies him that much more. You will love his presence, stoutness and overall quality. A real sale highlight and special opportunity to own a real genetic gem in the Simmental business.
Lot 129  
**W/C Lock N Load 5001F**

ASA#3499500  
Homo Black Baldy Homo Polled  
1/2 SM 1/2 AN  
DOB: 3/25/18 • Tattoo: 5001F

*Barstow Cash*  
*W/C Queen 5001C*  
*D W Queen 136Y*  

As you can probably tell, this baldy bull will blow you away with his mass and width just as the Lock N Load cattle are known for. This is why we continue to use Lock N Load heavily in our program and simply have found very few bulls that can do what he does as consistently. This bull is really good and has the same head and masculinity as Loaded Up and Bankroll, essential for making the next generation better.

Sells Open & Ready to Flush

The anticipation of the coveted first bred heifer lot in the catalog is always great and this year it wasn’t easy but we are so excited to offer this female for your appraisal! The only sister in the record setting flush that produced the great, W/C Fort Knox 609F! Fort Knox is taking the breed by storm and will be a household name for years to come. Enough said about him, check out 899F! She’s got the big physical attributes, genetic excellence and the presence to take any program to new heights! Her huge feet and legs, hair, body shape and performance are all on point. Imagine the possibilities! Big brother wrote the first chapter of this story, but this gal will do plenty of writing of her own. **Selling one-half interest. Possession negotiable.**

Buyer/seller split embryos per flush unless discussed otherwise.

Full sisters to the breed sensation, W/C Bankroll 811D! We have stacked the deck in this years bred heifer offering and what could possibly be more exciting than these two bombshells! Each unique in their own way and each bred for big return. Imagine the breeding possibilities! Why not add one of the very few full sisters to the great Bankroll into your donor battery. Bred for success! Put your stack on either red or black!

We are adding a little more than kindling to the fire with these two lots! 8000F checks all the boxes. She gets noticed by everyone, has awesome EPDs and brings a fresh pedigree to add to your donor lineup! Her full brother, W/C Instinct 1000F, was a sale highlight in last years sale and you will see his influence here in the future. 8001F is the last of quite possibly the most influential and proven matings in the history of the W/C! Her body mass and structure match what you would expect to see of this timeless mating. Full sisters are leading donors in multiple programs across the country! She is ready to carry on the tradition.

These two daughters of the National Champion Angel donor will grab your attention! This redhead has the big features we all dream about! Her extension, neckline, big hip and those huge fluffy ears give her the wow factor. Breed/flush her Simmental or club calf and reap the rewards! 8066F combines femininity and balance to a high degree. A maternal sister to these heifers sired by Relentless was just named 3rd Overall at Junior Nationals for Sara Sullivan! The Angel cow has produced $20k plus high sellers by 5 different sires! Cow power! The apple didn’t fall from the tree here.

Miss Werning 934J

You won’t miss these two! They seem to catch our eye every day when drive into their pen to bed with the Haybuster. Baldy 534R daughters are rare and these girls do as much on paper as they do in the flesh. Consistent cow power here! As a bonus, both sell safe to our new outcross calving ease stud, MR SR 71 Right Now E1538!

We love the added body and maternal look in this No Remorse daughter. Her dam was a past Denver Champion and it looks like this female could have competed well herself. We couldn’t draw up a better silhouette of what we think a bred female should look like. She may just be a perfect match for W/C Night Watch!

We are certain you can not go anywhere in the country to find this many top tier Simmental females for sale in one spot on one day. Our bred females have been known to generate for their new owners and you can enjoy over 40 years of attention to detail and selection. In the past two sales almost 30 females (about 15%) of the offering has went into embryo production for their new owners and this years set will be no different. They are all safe in calf to the best and freshest calving ease sires we could find. Not only will the calves from these females look the part but we encourage you to study the EPD profiles these females and their calves will have. You no longer have to choose between high phenotype or EPDs, we feel we have designed a herd that excels for both at a very high degree. We thank you for your consideration in this set of cattle and encourage you to make the trip on February 11th.

Another high end blaze female from the popular OSU Empress cow family that has produced well here and at OSU. This pedigree really combines the good stuff from both breeds which is the reason these SimAngus™ cattle have worked so well and have been accepted across America.

Lot 249

Carcass: 42.45 -17 .33 -.02 79 135 78

We have started flushing this cow and her daughters hard this past year because of the consistent growth and quality they were putting into their natural calves. A full brother to this heifer sold for $23,000 a few years back and we have put a bunch of full sibs embryos in for 2020. A real “no holes” cow family.

Awesome Executive Order daughter out of a Bullseye first calf heifer making her double bred 8543U and you sure can tell by looking at her. She’s long, deep and nice hipped. This one could be a featured lot and start a lot of sales around the country. Pretty good chance her Lock Down baby could pay for her in her first calf, that mating will flat work.

We have had numerous full brothers and sisters to this female over the years. Full sisters have sold for $28,000 and $9,000. A red baldy full sister serves as a donor cow for Hicks Cattle Co and H2O’s Farm. The Y770 cow has been a great generator for us and this one brings some elite pieces to the table for a purebred Simmental. Good purebred cattle are good property to have and this one can make some great purebred calves to sell.

13 .15 66 95 .18 6 23 56 16 13.25
Carcass: 30.15 -.49 .27 -.05 .90 130 72

This good female has a very outcross pedigree that certainly intrigues us to be able to mate her up to whatever you desire. Her phenotype alone could probably compliment many sires mated to her. She goes back to 715T who won Kansas City.

Lot 275  W/C Miss Werning 832F

**Carcass:** 50.5 - .22 .36 -.05 .85 132 81

Three really powerful daughters of CEO as you would probably expect by looking at his sons in the front of the catalog. We do not offer CEO semen for sale on the open market so these females will be some of the first daughters of his to sell anywhere. A great female here from a nice cow family that has done us a lot of good. This one bred to Lock Down should be a home run.

When this one came into the picture and video pen I said “heck this is that heifer I liked as a calf in the pasture”. For some reason she’s still engraved in my head as a young calf running in our north pasture. Well I actually know why, because she’s very ideal and very good. Her young dam was one of our favorites of her calf crop and is very elite. Lots of good cows behind this one and Lock Down will work well on her.

Carcass: 41.7 -.10 .34 -.02 .59 128 73

A trio of fall born Deadwood daughters we held over to breed for spring. As you can tell by the photos, these things are good and very similar. Deadwood injects extra mass and bone while still keeping them elite in their structure and build. These Deadwood sired females leave the door wide open for many mating possibilities. Outcross genetics here that can really make a difference for their next owner. All safe to W/C Lock Down, the first calf should pay for them.
A gorgeous red baldy to start this strong division. A red baldy female from two black parents make this one an elite breeding piece and genetic package in the red game. She’s built just like most of us like them. A really high end female here!

Selling the Entire 2018 Crop of Red W/C Females

A pair of paternal sisters by Churchill, a bull we purchased for $15,000 a few years ago. Both are out of gorgeous, long bodied, big hipped dams. These two fall born females have followed suit of their good mothers. Two very high end, complete type of females to keep programs moving in the right direction. Both safe to the red hot heifer bull W/C Night Watch!

Lot 308 W/C Forever Lady 8070F
AAA#19632133 • Purebred Angus • DOB: 2/22/18 • Tattoo: 8070F

HA Outside 3008
HA Cowboy Up 5405
HA Blackcap Lady 1602
TC Aberdeen 759
DW Forever Lady 196Y
River Hills Forever Lady W396

Sire: W/C Night Watch 84E • Due: 3/18/20
The HA Cowboy Up progeny have been proving their worth and consistency. This heifer excels in body, levelness and structure. Like her mother, she should be a producer of value with great udder quality.

Lot 309 W/C Supreme 8068F
AAA#19290757 • Purebred Angus • DOB: 3/21/18 • Tattoo: 8068F

Prairie Pride Next Step 2036
RBM Two Step C72
RBM Rito Rose Y11
Famous 7001
LaGrand Supreme 4168
Diablo Supreme 323

Sire: Mr. SR 71 Right Now E1538 • Due: 3/2/20
RBM Two Step C72 unfortunately left this world early due to a lightning strike but he left us a great set of daughters that offer EPD values that compliment Simmentals very well. This heifer is sound and functional and can be mated various ways for a pleasing end result.

Lot 310 W/C Miss Werning 8063F
ASA#3670795 • Purebred Angus • DOB: 2/20/18 • Tattoo: 8063F

Carcass: 39.75 -.12 .65 -.03 .58 145 85
We love the big rib cage and soggy build of this Payweight daughter. She is backed by the 0369 Donor and boasts a big EPD profile. She combines the body type and genetic merit we strive to produce.

Lot 311 W/C Front Gal 8028F
AAA#19292717 • Purebred Angus • DOB: 2/9/18 • Tattoo: 8028F

Connealy Thunder
CTS Remedy 1T01
CTS 7V03 Bellemere Maid 9T02
MOGCK In Front 353
Bushs Front Gal 6039
Bushs Freedom Gal 9810

Sire: Mr. SR 71 Right Now E1538 • Due: 6/1/20
A larger outline Remedy daughter that has structural stoutness and look. Long and level from end to end, attractive front one-third and still square from behind. She has all the tools to produce cattle with added value.

Full sib embryos to the $180,000 W/C Fort Knox, and if you want a full sister you have that choice as well! Not only has Fort Knox created a bull but 3 other full sibs have sold well including the lead heifer in this sale! Four head sold by public auction have averaged $62,000! We may not be rocket scientists but being able to own full sibs for a fraction of the price sounds like a pretty banker friendly investment. A W/C Relentless daughter sold for $19,000 last fall making the B and C choices equally intriguing. The Turnpike and Right Now embryos should be elite with excellent EPD profiles.

6026D perhaps created more phone calls, ranch visits and interest in any one animal leading up to our 2018 sale as any animal. When the dust settled John Ferguson landed her for $40,000 ½ Interest. It's no secret good red and red baldy cattle bring a premium and command attention and these are the kind of embryos that can put your program in the spotlight. We currently have full sib calves on the ground to all of these matings. The EO mating will flat work we think. The Turnpike calves we have had so far out of 6026D have all been baldies to date! 6026D mated to the Red Angus star, PTO has us very excited. We have a spring born heifer by Law Maker x 6026D that looks outstanding!
