DEJONG RANCH JOINT VENTURE**
Maine Anjou Production Sale
1:00 p.m.
Friday, February 29, 2008

At the Ranch in the 7-N Arena
Springfield, South Dakota

Selling over 200 head!

Nagel Cattle Company & DeJong Ranch...

Site Unseen/On Order Purchase Policy:

We have a growing list of customers that rely on our judgement to select bulls for them based on their needs, environment and cowherd. Our policy is that if we buy cattle for you on order, satisfaction is guaranteed. If you feel they are not as represented to you or you are not satisfied for any reason, you don't own them.

First Breeding Season Guarantee:

We represent these bulls to be sound and their records to be accurate to the best of our ability. All bulls are fully guaranteed for structural soundness and fertility. If an unfortunate problem arises, please notify us promptly. We can provide a satisfactory replacement (if available) or a credit will be issued for next year's sale for the bull's full purchase price less any salvage value received. We highly recommend purchasing short term insurance in the event of bull death.

Interest Retained In Bulls:

You will notice that we are selling a % interest and full possession in a select group of herd sires in this offering. This means the bull is in your control and possession unless otherwise stated or for mutually agreed upon handling of the bull for promotional purposes. You get 100% of the salvage value of the bull. We simply reserve the right to share in any revenue from semen sales in the bull if at sometime in the future, semen sales becomes a possibility. If you sell the bull to another breeder, NCC/DJ retains their stated semen interest in the bull. Retaining a semen interest also reserves access to young sires we wish to incorporate back into the NCC/DJ breeding program. Any semen you choose to collect as an "insurance policy" on your bull for you own use, is 100% yours. Costs incurred in building a jointly owned semen bank for sale purposes will be shared equally based on the portion of interest owned by each party.

We feel this set of bulls offers more potential "Herd Bull" candidates than any group sold to date. We don't always get those bulls identified prior to sale day and we're consequently retaining an (in-herd only) semen interest on every bull in the offering. Costs incurred in collecting semen for NCC/DJ within herd use will be the responsibility of Nagel Cattle Company. Any semen collected will be arranged at the convenience of the new owner of the possession interest in the bull.

PHA Issue:

All current registered Maine-Anjou and MaineTainer cows and bred heifers have been tested along with any bulls used natural or A.I. Furthermore, any progeny of dams or sires testing positive (carriers) will be tested prior to the sale. PHA status is noted in pedigree information.

F/T = PHA Free by Test
F/P = PHA Free by Parentage
C/T = PHA Carrier by Test
Blank = PHA Unknown

Semen Test:

\$50 credit per yearling bull lots. This entitles the purchaser to semen test at a later date but in accordance with the terms located in the back of the sale catalog. All Fall and 2 year old bulls will be semen tested.

Post Sale Day Protocol

All lots are to be loaded out sale day. In the case of an on order or internet purchases, arrangements will be made until trucking arrangements can be made.

1:00 p.m.
Friday, February 29, 2008
At the Ranch in the 7-N Arena
Springfield, South Dakota

Dear Cattlemen,

The Nagel and DeJong families would like to invite you to our annual production sale. I didn't know if I should call this sale the First Annual or the 54th Annual Bull Sale. The DeJong Ranch has been selling bulls for 40 years and the Nagel Cattle Co. has been offering Maine-Anjou seedstock for 14 years.

The saying goes "You can choose your friends but not your relatives". In this case the DeJong family is both. Growing up, spending time at their ranch, branding, clipping sale bulls, or just observing how things were done in a purebred operation had a great influence in my life.

My family started buying Maine bulls in the 70's from the DeJong Ranch. Today the DeJong and Nagel programs may vary in the influence of certain traits but the quality, emphasis on maternal traits, and integrity are undoubtedly the same.

We are excited about the opportunity to provide our customers the highest quality set of bulls, heifer calves and bred heifers at the Nagel sale barn location on Friday, February 29, 2008.

Please feel free to visit with Miles or myself prior to the sale, so we may help select genetics or phenotypes that best fit your operation's goals.

Sincerely,

Blane Nagel

Wide Track is still my favorite bull to use because of his ability to add rib dimension, muscle mass, performance and outstanding carcass traits. His first set of daughters in production were excellent for exceeding their milk EPD numbers. We are extremely excited about our junior herd sire, "Right Track", a polled full brother, along with "Wide Load", a polled full brother which sold 3 years ago to John & Karen Haymaker, Hennesey, OK. PHA Free.

P/S, Homozygous Black, PB, PHA-Free. High selling bull in our 2006 sale to James Farms, Paris, MO. His first calf crop has surpassed our expectations. Birth weights have been consistent in the 80's and low 90's. He passes on his moderate frame and muscularity in a very smooth attractive package. We have used him on a variety of cows and he has reduced frame size on big cows and added muscle while maintaining the femininity in the females. All calves to date have been solid black. Semen available.

1	75	721	1080	15.34	1.42	14.80	.19	3.21	2.81	

One of the top prospects born in 2007 out of a first calf heifer, soon to be donor. He combines the predictability of Ali with the popularity of Heat Wave, then back to the great B4 donor cow who is homozygous black, polled and solid. She has produced several top sellers, including DJ Checkmate and daughters in production. Turk is an Ali son that brings a little more punch to the ring and could very well take over where his sire left off. Retaining semen interest.

15

DJ Trail Blazer T401

Black, Polled BD: 3/14/07 ID: DJBT401
Purebred Reg #: 380799 PHA F/P

DJ Top Notch (aka Yogi) is one of those unique curve benders. Out of an exciting first calf heifer, she is a reflection of her moderate, big volume, great uddered, hairy...Angus mother. Her sire, DJ Maximus (Full Throttle x Power Plant), is a full brother to the grand champion steer in Kansas City 1998. This hairy bear has a lot of things to offer. Yogi - He's better than the average bear! "Retaining Semen Interest"

T408 & T409 are twin brothers. This TC Freedom daughter raised T408 and if you consider this bull's record, his phenotype and that his mother bred back A.I. the first time, you can see why we are excited about our Freedom females. If you need a pair of bulls these full brothers could fill the bill.

These Fall bulls were purchased from my dad's herd. Fall bulls never seem to impress me from a data standpoint. However, once fall rolls around and they get better care, look out. The Right Track sire group was the highest selling pen last year and 273's are just plain stout and pounds heavy.

Nagel Cattle Company & DeJong Ranch Sale Terms & Conditions...

Terms:

Terms of the sale are cash, check or sight draft or other terms agreed to in writing between seller and buyer, payable immediately upon conclusion of the sale and before animals will be moved. Sellers will reserve the right to require a certified check as settlement before releasing any cattle.

Post Sale Protocol

All lots are to be loaded out sale day. In the case of an on order or internet purchases, arrangements will be made until trucking arrangements can be made.

Insurance or Purchases and Risk:

All animals are at owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer. Insurance will be available sale day.

Bidding:

All animals sell to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer and his decision will be final.

Announcements:

Announcements from the auction block will take precedence over the printed matter in this catalog and other announcements.

Liabilities:

All persons who attend the sale do so at their own risk and NCC/DR assumes no liabilities for any accidents that may occur. NCC/DR assumes no liability for loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or act of God.

Contact:

The above terms and guarantees shall constitute a contract between the buyer and seller of each animal sold.

Trucking:

Assistance will be given in making trucking arrangements after the sale, but no risk will be assumed by the seller. Expenses incident there-to are the responsibility of the purchaser, who should furnish instructions at the time of settlement. It is recommended insurance be obtained.

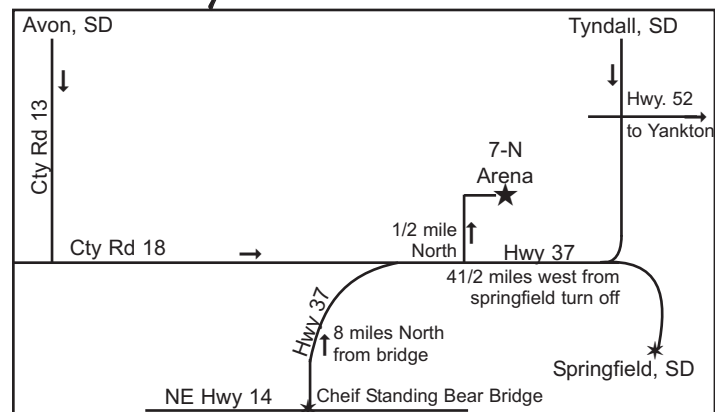

Health:

All animals will be accompanied by proper health certificates making them eligible for interstate shipment.

Breeding Guarantee:

All bulls are guaranteed to be breeders. It will be the responsibility of the buyer to have the bulls semen tested before they are turned out with cows or before 15 months of age whichever comes first. If not done, Nagel Cattle Company/DeJong Ranch is not responsible. Any bull that has not proven itself a breeder, in the healthy condition, may be returned to seller at the buyer's expense. Seller reserves the privilege of trying to prove the bull a breeder. If proven a breeder, the bull will be returned at the seller's expense. If bull should fail to prove a breeder, the seller, at his option may either return purchase price to the buyer or replace the animal with another of equal value in full settlement and satisfaction of all claims. In no event shall seller be responsible for more than purchase price. If a bull becomes a non-breeder by reason of injury, negligence, or mismanagement, the seller's guarantee shall be void. This breeding guarantee shall apply to natural breeding only; no guarantee is given regarding artificial collection, preparation, or storage of semen. In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void. This ceases when a bull is disposed of by buyer.
